

PRESS RELEASE

Craven Dunnill Introduces Desert Dune Tile Collection

Inspired by the drifting aeolian sands, *Desert Dune* is the latest glazed ceramic wall and floor tile introduction from the distributor Craven Dunnill. The subtle patina is sophisticated in its effect, creating a relaxing sense of calm, so sought-after by many homeowners; Craven Dunnill anticipates this new tile range will have broad appeal, enhanced by its mid price point.

Desert Dune is offered in four gentle hues: bleached *bone*, *brown*, *pearl* and *chrome*. The fine stratum of sand are interspersed with subtle cross-cut and diagonal veining, particularly highlighted in the random composition of the scored 605 x 305mm wall tiles. The 605 x 305mm field tile and the 450 x 450mm floor tile mirror this effect, to create a modern, living space.

Desert Dune in brown
